

SimplyGo App User Guide

Should I use the EZ-Link app or the Enhanced SimplyGo app?

30/08/2024 9:39 am +08

We encourage you to use the Enhanced SimplyGo app as it has integrated functions from the EZ-Link app. On top of the existing transit ticketing and card-related services, such as Concession card services, you will also be able to access the EZ-Link app features. Please refer to Q2 above for the features.
