

SimplyGo App User Guide

I am not a user of SimplyGo app and do not have a SimplyGo account. Do I need to switch over to the Enhanced SimplyGo app?

We encourage you to download the Enhanced SimplyGo app from the App Store/Google Play and **sync your EZ-Link account** to access more transit related features. What's more, you can continue to use your EZ-Link app features (including all your existing cards added, EZ-Link Motoring, Wallet and Rewards, if any).
